What’s your favorite thing to play with? Have you ever thought what might make it better? Now is your chance to put those ideas to good use. Your idea could be the next big thing – and make you millions! It all starts with a single thought. This class will tap your interests and skills to help you develop the big idea that could put you on the path to success! Your inventions could also help others in need as we explore making opportunities out of necessity.

Wednesdays
April 8 - May 13
at Country Meadows
3:05 - 4:05 pm
Indoor Park Area

$102 for a 6 week session

- For questions, please contact Amanda Busch at 847.850.2134.

$102 for a 6 week session

Students are invited to a series of workshops to develop their big idea with the help of Wicked Science staff. The big idea could be the next big thing – and make you millions! It all starts with a single thought. This class will tap your interests and skills to help you develop the big idea that could put you on the path to success! Your inventions could also help others in need as we explore making opportunities out of necessity.
