

## Pool Passes

Passes follow a school year calendar until we open the outdoor facilities. They will be valid until May 24, 2019, and are available for purchase. Did you purchase pool passes this summer or last fall? Your current pool passes will just need to be renewed. You can download a pass form on our website at bgparks.org on the Aquatics page. Save yourself a trip, and fax or mail it in.

### Pool Pass Policies

- Families may now add babysitters and nannies to their family pass.
- Only the person who purchased the passes may use them. Passes may not transfer ownership.
- A fee of \$10 is charged to replace lost or stolen passes.
- Pool passes must be present to enter the pool. Patrons or families without a pool pass will be required to pay the daily admission fee.

## Swimming Lessons

Each swim time will be broken into different levels. It is not necessary for you to know your child's swim level, as all children will be tested on the first day of class and placed in the appropriate level. All 6 levels will be taught in the Park District swimming classes. If you have any questions or concerns about our pool or our programs, please ask the Manager/Coordinator on duty for clarification. Swimming lesson fees will not be prorated for any reason, and we do not offer make-up lessons. **Please note:** Due to staffing requirements, you must register for all swim classes at least 2 business days prior to the start of class. No walk-in registrations are accepted the day class starts.

### Teens & Adults

We recommend that teens and adults consider Private Swim Lessons if they are interested in learning how to swim or just want to improve swim strokes. For more information, please contact Jenn Foreman at 847.850.2110 or jenn@bgparks.org.

### Infant Swimming Resource

Your child can learn critical Self-Rescue™ skills in Infant Swimming Resource's (ISR) survival swim lesson program. Lessons are one-on-one with Meredith Dean, an ISR certified instructor. The parent, or caregiver, watches every lesson from the poolside. Students attend 10-minute lessons every Monday-Friday (5 lessons per week). Babies 6 to 12 months are taught the rollback-to-float sequence. The child is taught breath control, correct floating posture, and skills to attain a back float and remain floating for varied periods of time. Lessons typically last approximately 4-5 weeks for most infants, but vary per child. Your child must be crawling or be able to roll over both ways and sit independently on land in order to start lessons. Children 12 months or older who are walking are taught the swim-float-swim sequence - swimming in a face down position, using arms and legs; rolling onto their back to a survival float and then flipping back over to continue swimming. ISR has numerous safety protocols to provide the safest possible lesson. It typically takes 6 weeks to learn all the skills, but varies per child. A required initial registration fee is \$105 per new student, and \$35 for returning students. This process provides ISR with an in-depth look at your child's health, medical history, and aquatic environment. Your child's registration information is kept confidential and reviewed only by ISR certified personnel. Once approved, you will register in 2-week increments, with fees being \$90 for residents, and \$113 for nonresidents per week. Classes will take place at the Fitness Center between 10 am - 4 pm in the lap pool beginning January 14. To register or for more information, please contact Jenn Foreman at 847.850.2110 or jenn@bgparks.org.
