

## General Guidelines:

1. Masks will be required in all areas of the facility, except while in the water or eating.
2. Reservations are highly recommended, and can be made on the Spray 'N Play facility page on our website at [bgparks.org](http://bgparks.org). Each reservation is good for 2 people. Multiple reservations can be made; however, the system only allows for one reservation per login account. To make additional reservations, you will need to create additional accounts. Guests will be able to use the facility for a 2-hour time block. After each time block, regardless of the time a guest entered the facility, all guests will be asked to leave promptly. The facility will be closed for 30 minutes, in order to allow staff to clean and disinfect the high touch points in the facility. Please note: The water features will not be cleaned; so, please follow proper hand washing procedures before and after use of spray features.
3. Admissions will need to be paid for each time block, regardless of use of the facility earlier in the day.
4. Walk-ins will be welcomed if the facility is not at the 50 person capacity. The Park District Rainoutline will be updated on the hour, and when capacity has been met. Please check prior to arriving.
5. Drinking fountains will be turned off; but, outside food and drink will be allowed. There will be a limited variety of prepackaged concession items available for purchase.
6. Toys and buckets will not be provided, but can be brought from home; however, we recommend these items not be shared.
7. Please make sure you have all of your belongings, as there will not be a lost and found. The Buffalo Grove Park District is not responsible for lost or stolen items.

## Health Monitoring:

1. All staff and guests will be required to complete the wellness screening self-assessment before arriving to the facility. A copy of this assessment is available at the entrance of this facility.
2. Any staff or guest who is exhibiting COVID-19 symptoms will be prohibited from entering.

## Disinfecting/Cleaning Procedures:

1. Cleaning and disinfecting of the facility will follow CDC and IDPH guidelines.
2. The facility will close every 2 hours for 30 minutes for staff to disinfect high touch surfaces (i.e. gate latches, bathrooms and tables). Please note: Surfaces may still be wet at the start of a new time block, depending on weather.

## Wellness Screening Questionnaire

- | Yes                      | No   |
|--------------------------|--|
| <input type="checkbox"/> | <input type="checkbox"/> Have you felt feverish?   |
| <input type="checkbox"/> | <input type="checkbox"/> Do you have a cough?  |
| <input type="checkbox"/> | <input type="checkbox"/> Do you have a sore throat?  |
| <input type="checkbox"/> | <input type="checkbox"/> Have you been experiencing difficulty breathing, or shortness of breath?  |
| <input type="checkbox"/> | <input type="checkbox"/> Do you have muscle aches?   |
| <input type="checkbox"/> | <input type="checkbox"/> Have you had a new or unusual headache (not related to caffeine, diet, or hunger, not related to a history of migraines, clusters or tension, not typical to the individual)? |
| <input type="checkbox"/> | <input type="checkbox"/> Have you noticed a new loss of taste or smell?  |
| <input type="checkbox"/> | <input type="checkbox"/> Have you been experiencing chills or rigors <sup>1</sup> ?  |
| <input type="checkbox"/> | <input type="checkbox"/> Do you have any gastrointestinal concerns (abdominal pain, vomiting, diarrhea)?   |
| <input type="checkbox"/> | <input type="checkbox"/> Is anyone in your household displaying any symptoms of Covid-19?  |
| <input type="checkbox"/> | <input type="checkbox"/> To the best of your knowledge, have you or anyone in your household come into close contact <sup>2</sup> with anyone who has tested positive for Covid-19?                    |

<sup>1</sup> Rigors: A sudden feeling of cold, with shivering, accompanied by a rise in temperature.

<sup>2</sup> Close contact includes household contacts, intimate contacts, or contacts within 6 feet for 15 minutes or longer, unless wearing an N95 mask during the period of contact.
